

## Facebook Guidelines and Rules

### 1. Respect

Please be respectful and considerate to everyone within the group.

### 2. Subject Title

Please label your post with a subject title to allow people to choose whether or not they want to read.

### 3. Photos

Please give a warning if you are posting photos as there will be some people who do not have photos and have not seen their baby or babies.

### 4. Different experiences

Please consider that some of the group will have experienced the death of all of their twins/ triplets, some have survivors, some have had IVF, some have had TFMR's and some are not able to have any more children. There will be very different experiences of twin and triplet loss in the group - both during pregnancy and after birth.

### 5. Privacy and confidentiality

Please ensure that everything in the group remains confidential at all times.

### 6. Fundraising

You are welcome to share your fundraising ideas but please refrain from posting links so that the group can primarily be a support group.
